病人諮詢同聯繫服務部向病人及其家屬同訪客提供資訊、支援同幫助。

KING'S HEALTH PARTNERS

The Patient Advice and Liaison Service (PALS) offers support, information and assistance to patients, relatives and visitors. We can:

- offer you a wide range of information about the hospital's services and guidance on how to access other health information
- help with problems or concerns you have about the hospital's services, that you have not been able to sort out by speaking to staff on the ward or in the clinic
- listen to your views and comments to help improve our services. We also offer patients the opportunity to become involved more directly in the development of our services
- provide access to interpreters, signers and other support services for patients.

How to find us

The PALS office at the Princess Royal University Hospital is near the main entrance on the ground floor of the South Wing. Help desk staff at the main reception will be happy to direct you.

Opening times

You do not need an appointment. You can come and see us 9am – 4.30pm (closed 1pm - 2pm), Monday to Friday.

Patients or visitors on other Trust sites:

If you are a patient receiving treatment at another King's site or cannot visit our office but would like to talk to a member of the PALS team in person, please telephone (or ask a staff member to call on your behalf) and we will arrange to visit the ward or department at a convenient time.

How to register a complaint

The PALS team will offer help to resolve any of your problems as quickly as possible. However, if we are unable to do so, or if you wish to register a complaint we can advise you on the process.

We can also provide information about outside independent advocacy services who can assist you to make a complaint.

Spanish
